Flexform

Constantly provide efficient solutions in the field of dry construction and the equipment of corporate environments, combining quality, innovation and design.

Maintain our position as a reference company in the market.
Recognized as a company that provides quality products whatever the size of the project

MISSION

VIEW

We have highly trained professionals for the industry.
We have an infrastructure of more than 5,000 square meters among warehouse, show room and offices in Asuncion (capital) and Ciudad del Este.

In 2016 we opened our new showroom, one of the most modern at the present time, where new products were launched with the presence of all the directors of the brands that we represent.

Duratex

Since 1999 we have the representation of Duratex with its wide line of products, introducing the company to the dry construction sector.

Roll-For Artefatos Metálicos Ltda.

Since 1998 we represent Roll-for, with its line of metallic profiles in galvanized steel for divisions.

Flexform

In its beginnings the company obtained the exclusive representation for our country of the brand Flexform Brazil, which supplies chairs and armchairs. Flexform is number 1 in South America.

 **DURLOCK**[®]

In 2016 formed commercial alliances with Durlock allowing us to be one of the distributors in the country

 operis

To offer an integrated service in the corporate area in 2016 the company was introduced in the market of corporate furniture with the representation of OperisGroup Brazil.
